Art Unit: 1626

Receipt is acknowledged of the amendment and information disclosure statement filed March 8, 2005, which have been entered in the file.

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1 to 9 and 14 to 25 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The proviso that was added to claim 1 is new matter since it is new matter to proviso out specific compounds when those compounds are not described in the specification. See Ex parte Grasselli, 231 USPQ 393 and 395.

Applicant's arguments filed March 8, 2005 have been fully considered and are persuasive. The rejection of the claims under 35 U.S.C. 102(b) over Yokoyama has been withdrawn due to the proviso added to claim 1. However, the proviso is considered new matter for the reasons given above.

Claims 10 and 13 are allowed.

The references made of record and not relied upon show the state of the art..

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Fiona T.
